Entry Requirements:

The Care Certificate is a requirement for all staff beginning their career in the care sector, ideally it should be completed before starting work and must be completed within twelve weeks from the commencement of employment. This course is also suitable for existing staff to refresh or improve their knowledge.

Assessment:

Assessment and completion of the "Care Certificate" is on-going during the mandatory Skills for Care induction package. Upon completion of the mandatory training "Care Certificate" delegates will have the acquired knowledge and understanding relevant to be awarded with the Care Certificate and will only have work based elements to complete within your organisation.

Qualification

On completion of the course. All delegates will receive Certificate of Attendance
